

BEACHWALKERS Wanted!

COASST MARINE DEBRIS TRAINING

SATURDAY, MARCH 28th, 2020

11:00 AM–5:00 PM

Bellingham Marine Debris Training
RE Sources - Main Room
2309 Meridian St
Bellingham, WA 98225

Join the Coastal Observation and Seabird Survey Team (COASST) Marine Debris program and help make a difference for the environment!

COASST Marine Debris participants survey local beaches and collect data on the characteristics and location of debris—data that will ultimately be used to map the source and transport path-ways of debris, as well as the potential harm to people, wildlife, and local coastal ecosystems.

Beach surveys are best conducted in groups of 2 or more—please come with a survey partner in mind or plan to join a team during training.

Reserve your training spot by emailing coasst@uw.edu or calling 206-221-6893.
