SUNDAY

October 22nd, 2023

10:00 am–4:00 pm

Clatsop Community College
Room TBD

1651 Lexington Ave.
Astoria, OR 97103

Join the Coastal Observation and Seabird Survey Team (COASST)!

COASST participants collect data on beach-cast carcasses of marine birds and on washed up marine debris on a monthly basis. Data collected helps address important marine conservation issues and protect marine resources. Please feel free to attend either training or both!

Beach surveys are best conducted in groups of 2 or more—please come with a survey partner in mind or plan to join a team during training. Trainings are free, but we do require a refundable deposit for survey materials. Please also bring a lunch for yourself!
